Yoon Reports.

NEW YORK, September 4 .- The Tribune has HEADQUARTERS ARMY OF THE POTOMAC, Sept. 3 -Information having been received that a naval expedition was to be sent up the Rappahan nock to retake the gunboats Satellite and Reliance, Gen. Kilpatrick was directed to move down with his cavalry division and co-operate in such manner as circumstances might require. In accordance with these instructions Kilpatrick moved vesterday morning to the vicinity of Corbin's neck, where the captured gunboats were lying, causing the rebel cavalry in the neighborhood to precipitately ford the river. Finding no gunbouts appeared to engage the Reliance and Satellite he ordered the batteries of Elder and Fuller to fire on them. The boats were moored to the shore opposite Corbin's neck, and having no

ste om up they were unable to escape. The were thoroughly riddled and disabled, and can never be again used by the enemy. The enemy played upon our force for a short time with four field pieces, but were speedily quieted. These boats were merely tugs altered for navy business. Scouting parties of infantry and cavalry combined, are requently leaving Gen. Corcoran's command Yesterday they chased a small body of guerrillas and finding a house in which was concealed captured sutlers' stores, they set it on

Fort Moultrie without hindrance from Fort 1.332 An engineer of the fleet while on night duty had went up to the city without finding the appearance of obstructions. The impression prevailed that our fleet could

pass up to Charleston by a dash. From Washington.

Washington, September 3 -The statement that Commissioner Ould has terminated negotiations for the exchange of prisoners, by positive | declaration, that white officers of colored regiments will be released or exchanged is premature. Negotiations are still in progress but, no definite result has vet been reached. No exchange of enlisted men has taken place, but both parties continue to release and parole small numbers of this class of of prisoners.

Notwithstanding the vigilance of our flotilla, smuggling still continues to a considerable extent; flet-boats have been engaged in transporting contraband goods across the river at Deep Hole, from between Occoquan and Dumfries, from which point the articles are hastily removed into the interior, and sold at the most exhorbitant rates. At Dumtries, the landing place, common salt sold for \$12 per bushel

A dispatch to the Times from Headquarters Guerrilla operations in our rear continue The last expedition reported from the vicinity of Hartwood C H., Stafford Station and Dumfrees and a mail party, of eight was attacked on the road between Warrenton Junction and Hartwood,

one day last week, and four of them were captured A member of tien Kilmstrick's body guard was killed two does ago by guerrillas, when the whole body guard out oned permission to hunt guerrillas. They have been gone several days, and their suggess may be estimated by the number of guerrilla core uses suspended as scare crows

from tall trees on their lines of murch. From Fortress Monroe. FORTRES- MONROE, September I - The special correspondent of the Bultimore American says the steamer Spaulding arrived from off Morris Island on Monday noon-

naval operations. Everything was in readiness to continue the attack as soon as the weather was favorable. When the Spaulding left, the Weehawken was 1,466 Shelling Fort Gregg. The rebels raised another gun on the ruins of Sumter, last Saturday, but, during Sunday, Gil-

From St. Louis. St. Louis, September 4 -The Republican's Memphis dispatch of the 1st, says:

New Orleans dates to the 28th are received. The expedition of Mississippi river steamboats for some point on the Gulf is nearly ready, and would start in a Yew days. Gen. Grant was to have left Vicksburg for New Orleans on the 31st.

CINCINNATI. September 4 .- Quite an excitement was created at Dayton last night over the arrest by the military authorities of two men named Heiber and Speelman, for the murder of Lieut Waterman. The civil authorities have demanded them for trial upon a writ of habeas corpus, but the Provost Marshal, under instructions from Gen. Cox, refused to surrender them. The militia have been called into requisition to take them by force.

DR. JOHN BULL' .

MEDICAL.

The Latest and Most Important Discovery of the Nineteenth Century.

O MAN'S NAME IS MORE INTIMATELY CONnected with the history of the Materia Medica of the United States, or more favorably known as a pioneer i medical discovery, than that of JOHN BULL, of Louisville Ky. His inimitable preparation of Sarsaparilla has long stood at the head of the various compounds of that valuable drug. His compound Pectoral of Wild Cherry has become a household word throughout the West and South; and his Worm Lozenges, in less than a year after their introduction, attained a reputation as widespread a- the continent of North America. But the crowning glory of his life remains to be attained in his latest discovery, or rather combination, for he does not claim to have been the discoverer of CEDRON, which is the basis of the Bitters now offered to the public. That honor belongs to the native inhabitants of Central America, to whom i's virtues have been known for more than two hundred years. Armed with it, the Indian bids deflance to the most deadly majoria, and handles without fear the most venouous serpents. It is a belief with them that

while there is breath left in the body the Cedron is potent to cure, no matter what the disease may be. While Dr. Bull is not prepared to indorse this extrava-gant pretension, he is nevertheless satisfied from a thorough examination of the evidence relating to its virtues, that, as a remedy and preventive for all diseases arising from exposure either to changes of weather and climate or to the miasmatic influences, it stands without a rival, and justly deserves the reputation it has so long enjoyed

n Central America and the West Indies. In

and its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in the whole range of the Materia Medica that can for a moment bear a comparison with it in this disease. A full account of this wonderful plant may be found in theseleventh edition of the U.S. Dispensatory, pages 1387

A series of experiments, in which Dr. Bull has been for years engaged, has just been brought to a successful mination, and he is now enabled to offer to the public a combination of Cedron with other improved tonics, the whole preserved in the best quality of copper-distilled Bourbon whisks, which he is confident has no equal in He might turnish a volume of certificates, but the pub lic have long since learned to estimate such things at their true value. The safest plan is for every one to test for himself the virtues of a new medicine. Give the

CEDRON BITTERS

It is not necessary to publish a long list of diseases for which the Cedron Bitters are a specific. In all diseases of the STOMACH, BOWELS, KIDNEYS In all affections of the BRAIN depending upon derangement of the Stomach or Bowels: In GOUT, RHEUMATISM and NEURALGIA; And in FEVER AND AGUE:
